The Sheriff's Auxiliary Volunteers support Pima County Sheriff's Department personnel in serving the residents living in the unincorporated areas of Pima County, including Green Valley and Ajo.

The Sheriff's Auxiliary Volunteers' Crime Prevention Unit is responsible for many aspects of crime prevention instruction and programs throughout Pima County. These volunteers are responsible for several tasks aimed at taking a proactive approach to fighting crime in Pima County, from teaching safety classes to checking on the security of homes. All programs are offered free of charge to Pima County residents. If you are in Green Valley or Ajo, please contact the SAV Green Valley Division (520-351-6744) or the Ajo Division (520-387-8531) for questions about their specific programs.

Neighborhood Watch

There cannot be a deputy sheriff on every corner, so citizen involvement is essential to combat crime. This program represents the Sheriff 's Department and citizens working together to reduce crime and improve the quality of life in their neighborhoods. You and your neighbors are the ones that really know what is going on in your community. By communicating with each other and working together as a team, you and your neighbors can make a difference. If you are interested in participating in or starting a Neighborhood Watch in your area, call your area SAV office at:

- Tucson (520) 351-4972
- Green Valley (520) 351-6744
- Ajo (520) 387-8531

Home Security Inspections

At your request, trained uniformed members of the Sheriff 's Auxiliary Volunteers' (SAV) Crime Prevention Unit will conduct a thorough interior and exterior inspection of your home, including doors, windows, locks, etc. After the inspection, suggestions on how to better secure your home will be offered. If you would like a free home security inspection, call (520) 351-4685.

Child I.D.

The Sheriff 's Auxiliary Volunteers provide free Child Identification Fingerprint Kits for children at community events. The parent/guardian is also provided with a DNA kit. This kit is for parents to preserve samples of their children's DNA. The fingerprint card contains instructions for the kit as well as important safety tips and phone numbers for parents. For more information on upcoming Child I.D. events, contact the Community Resources Unit at (520) 351-4615.

Adult Fingerprinting

The Sheriff's Auxiliary Volunteers provide fingerprinting service to all Pima County citizens for a \$20.00 fee. Each additional card is \$5.00. Office hours are Monday 9:00 a.m - 4:00 p.m. and Tuesday - Friday 9:00 a.m. - 1:00 p.m. With the installation of inkless scanning equipment, we offer faster service with higher accuracy. The average wait time is less than twenty minutes. Fingerprinting services are available in Ajo by appointment only; call (520) 387-8531 to schedule.

Scam Squad

We hear in the news almost daily stories of people who are victims of fraud. In many cases, people aren't even aware of the scam until after they have already lost thousands of dollars. The SAV's decided to help educate people on recognizing these scams before they fall victim to them. This idea led to the creation of the Scam Squad, a dedicated group of volunteers who go out into the community and educate people on current scams and how they can protect themselves. The volunteers who teach this class spend a lot of time researching the current scams and staying up to date on what is happening so they can provide the most accurate information possible. Knowledge is power: recognizing a scam early can save you from becoming a victim. If you are interested in more information on current fraudulent scams or the Scam Squad please call (520) 351-4972 in Tucson, (520) 351-6744 in Green Valley, or (520) 387-8531 in Ajo.

Immobilized Vehicle Procedures

If your vehicle was immobilized by a Pima County Sheriff's deputy, this section will provide answers to some frequently asked questions and important information on how to get your vehicle released.

Arizona Revised Statute requires that law enforcement agencies immobilize (tow) a motor vehicle when the driver violates one of the following provisions:

- The driver is in an accident and is in violation of Arizona's insurance law and has a revoked or canceled driver's license for any reason, or is unlicensed in any state;
- The driver has never been issued a driver's license or permit in Arizona and is not licensed in any other jurisdiction;
- The driver's operating privilege is suspended or revoked for any reason;
- The driver is arrested for either Extreme DUI or Aggravated DUI;
- The driver is under the legal drinking age of 21 and has any alcohol in his/her body; or
- The driver is required to have an ignition interlock device and is operating a vehicle not so equipped.

If your vehicle was stored for safekeeping, you must present proof of ownership to:

Pima County Sheriff's Department
Attn: Vehicle Impound Unit
1650 E. Benson Highway, Suite B
Tucson, Arizona 85714
(520) 351-6105

You are responsible for all towing and storage fees. Fees will be paid at the Vehicle Impound Unit. Upon proof of ownership and payment, you will be given an Authorization for Release which you will then take to the tow company. This must be presented, along with current identification, to retrieve your vehicle.

How Do I Get My Vehicle Back?

On or after the 20th day of impound OR if your driver's license is reinstated earlier, your vehicle will generally be eligible for release to you. The Pima County Sheriff's Department must authorize the release of your vehicle.

Operating hours are Monday through Friday, excluding holidays, 8:30 a.m. to 3:30 p.m. To avoid late gate fees, please arrive at least an hour before closing to ensure there is time to process the paperwork.

You must bring a valid driver's license, valid vehicle registration, and proof of vehicle insurance. It may be necessary for you to go to court and/or the Motor Vehicle Division to obtain the necessary documentation. The Pima County Sheriff's Department cannot release your vehicle until these documents are valid and current.

If the vehicle is considered a motorcycle, we can only release the vehicle to a driver with a motorcycle endorsement.

If you are required to have an ignition interlock, we must see proof the interlock has been installed on the vehicle.

If your driving privilege cannot be restored by the end of the 20-day immobilization period you may authorize a fully licensed driver to pick up the vehicle on your behalf. Please contact the Vehicle Impound Unit for specific requirements. Valid vehicle registration and proof of insurance are still required.

All storage, towing and administrative fees are paid at the Vehicle Impound Unit. Payment is accepted in the form of Visa, MasterCard, cashier's check, or money order. Sheriff's personnel will provide an "Authorization for Release of Impounded Vehicle" form to you, which you must present to the tow company.

Now, Proceed to the Tow Company

You must present proof of your identity and release paperwork to the tow company to recover your vehicle.

Is Early Release Possible?

Under certain limited circumstances, you may be able to have the vehicle released to you before the completion of the 20-day period only if you meet one of the following conditions or circumstances:

- If the owner presents satisfactory proof that the owner's driving privilege has been reinstated
- If the vehicle was reported stolen at the time it was impounded
- If the vehicle is subject to bailment and was driven by an employee of a business establishment, including a parking service or repair garage, who is subject to A.R.S. §28-3511-A or B

The owner or owner's agent was not the person driving in violation at the time of the impound, and the owner or the owner's agent is in the business of renting motor vehicles without drivers, and the vehicle is registered pursuant to A.R.S. § 28-2166

Note: Some early release cases may require a hearing.

In certain situations, a vehicle may be released to the spouse of the vehicle's owner. An Agreement of Operation is required to be signed by the person the vehicle is being released to. Should the agreement be violated, there is no relief available from the 20-day impound period if the vehicle is impounded in the future and a citation for violating the agreement may be issued.

Frequently Asked Questions

What if someone other than the owner was driving the vehicle when it was immobilized?

The owner of the vehicle is responsible for paying all fees and charges associated with the immobilization prior to having the vehicle released. The owner may seek civil action against the driver for any expenses incurred as a result of the immobilization.

Can I claim my vehicle directly from the tow company after the 20 day period?

No. The tow company cannot release an immobilized vehicle without paperwork authorizing release from the Pima County Sheriff 's Department.

What will happen if I cannot claim my vehicle?

If your vehicle is being stored (not an impound) and you do not claim your vehicle within ten days of the storage date, under Arizona law, the tow company may start the process to file for an abandoned title for the vehicle. If your vehicle is immobilized and you do not claim your vehicle within 20 days of the available release date, the tow company may start the process to file for an abandoned title for the vehicle.

May I request a hearing about the immobilizing of my vehicle?

Yes. Hearings are generally only needed if you are challenging the validity of the immobilization. If you are now in compliance with the law and are eligible to get your vehicle back, you do not need a hearing – simply contact the Pima County Sheriff 's Department to make the necessary arrangements.

You may request a hearing within the first 10 days of issuance of the citation by writing or calling the Pima County Sheriff 's Department at the following address and telephone number:

Pima County Sheriff 's Department
Attn: Vehicle Impound Unit
1650 E. Benson Highway, Suite B
Tucson, AZ 85714
(520) 351-6105

How much will it cost to have my vehicle released from the tow company?

A 20-day immobilization would cost no less than \$840.00 plus mileage.

Administrative Fee:	\$150.00
Tow charges:	\$165.00 plus \$6.80 per mile
Storage charges:	\$25.00 per day
Gate fee:	\$50.00 (after-hours release)

For questions or more information on tow companies in Ajo or Tucson, please call the Towing Information Line at (520) 351-6105.

REPORT TERRORISM

The security and safety of a community depends on the collaboration of its citizens and law enforcement. Prompt and detailed reporting of suspicious activities can help prevent violent crimes or terrorist attacks. If you see suspicious activity, call 911 to immediately inform law enforcement. A quick response is imperative so law enforcement may assess the situation and call for additional support.

When reporting suspicious activity, it is helpful to give the most accurate description possible, including:

- Description of the activity
- Date, time, and location of the activity
- Physical identifiers of anyone you observed
- Descriptions of vehicles (if any)
- Direction of travel
- Your name and contact information

Pima County Sheriff 's Department Investigative Support Unit (520) 547-TIPS (8477) For emergency situations, dial 9-1-1. Arizona Counter Terrorism Information Center (ACTIC) (602) 644-5805 or (877) 272-8329 You can also call the Federal Bureau of Investigation (FBI) 520-623-4306.

DISASTER PREPAREDNESS

Although natural disasters and terrorist events cannot always be predicted or prevented, being prepared can make a significant difference for you and your family. Below is a list of tips for staying prepared, as well as suggested items to keep in an emergency kit. Emergency disaster kits should be placed in a secure, airtight container. The items contained in a kit should be able to sustain you and your family for three days without assistance. A smaller kit may be kept in the trunk of your car in case you are mobile when an emergency occurs.

Establish an action plan by making a list of important telephone numbers, such as 911, your local fire department, FBI Field Office, and the Pima County Office of Emergency Management & Homeland Security, and post it by your telephone. Make sure children know how to dial 911 in an emergency. Develop a communications plan for your family. Choose someone who does not live with you (preferably out-of-town) that you and other family members can contact to check on each other in the event you are separated during a disaster. Carry their phone number with you in your wallet.

Establish a meeting place for family members if home or neighborhood evacuation is necessary. Pick one place near your home and one outside your neighborhood in case you cannot return after a disaster.

Educate Yourself and Your Family

- Take a basic course in CPR.
- Learn how to turn off water, gas, and electricity for your home at the main switches and valves.
- Learn about emergency plans for your children's school and/or daycare center.
- Draw a floor plan of your home and mark two escape routes from each room. Practice your evacuation plan.
- Work with your Neighborhood Watch group or civic association to create a community disaster preparedness plan.

FIREWORKS

In 2010, the Arizona Legislature amended state law to allow the sale, possession, and use by the general public of certain types of fireworks. (Arizona Revised Statutes sections 36-1601 - 1610). This change in the law became effective December 1, 2010.

When purchasing fireworks, there are several things to keep in mind. First, not all fireworks are legal, only those classified as “permissible consumer fireworks” are legal to purchase. The following are considered “permissible consumer fireworks” within unincorporated Pima County: Ground and handheld sparkling devices, cylindrical fountains, cone fountains, illuminating torches, wheels, ground spinners, flitter sparklers, toy smoke devices, and multiple tube fireworks devices and pyrotechnical articles.

Any type of firework that is designed to rise into the air and explode or detonate, or to fly above the ground is illegal. Bottle rockets, sky rockets, roman candles, helicopters, and other such items are in this category of illegal fireworks.

The Pima County Board of Supervisors has the authority to temporarily ban the use of all fireworks within unincorporated Pima County, when there is a greater risk of fire due to dry weather conditions. Before using fireworks in the unincorporated areas of Pima County, contact the Sheriff 's Department at (520) 351-4615.

Note: *Incorporated cities or towns may regulate the use of permissible consumer fireworks within the city or town limits. Contact the appropriate jurisdiction for more information on those areas.*

PETS AND ANIMALS

Leash Laws

Dogs must be on a leash or in a confined area at all times. Dogs cannot be left unattended while tied up in a yard. Leash law citations require a photo of the loose dog with a date and time of the photo, PLUS the address where the dog lives. If a photo is not possible, the testimony of two witnesses who saw the dog off-leash, along with the date, time, and dog's home address will suffice.

To Report a Problem: Call Pima County Animal Care at (520) 724-5900.
pimaanimalcare.org

Vicious Animals

"Vicious animal" means any animal that bites, attempts to bite, endangers or otherwise injures or causes to be injured any human beings or other animals. It is unlawful for any person to keep, control, or harbor any animal which is vicious or destructive. To report vicious or destructive animals, contact Pima Animal Care at (520) 724-5900.

Excessive Noise Caused by Animals

Owning, possessing, harboring or controlling any birds or animals which frequently or for continuous durations howl, bark, meow, squawk or make other sounds is prohibited if they disturb the public peace, quiet or comfort of the neighboring inhabitants.

- In Tucson and Green Valley: (520) 724-5900 Or fax: (520) 724-5960
- In Ajo: (520) 387-7502

Letters are sent by Animal Care to the complainant and to the animal owner. The letter notifies parties of the possible problem and asks them to resolve it within 7-10 days. If the problem is resolved, the process is complete.

If the problem is unresolved, the complainant calls a Noise Complaint Specialist at (520) 724-5910. The Mediation Program then contacts both parties to arrange for mediation. If mediation is successful, the process is complete. If the animal owner refuses to mediate or does not respond, or if mediation fails, the complainant can then move on to the Animal Noise Log.

If mediation is attempted but unsuccessful, the complainant may call Animal Care to request the Animal Noise Log to record animal noise incidents. An owner will be cited to appear before a Judge or Hearing Officer within the appropriate jurisdictional court for a violation of the animal noise law if a valid noise log is returned by a complainant (who must subsequently appear at any hearing held as the result of a citation).

WEAPON LAWS

Carrying a Concealed Weapon

As of July 29, 2010, Arizona residents no longer need to have a Concealed Carry Weapon Permit (CCW) in order to carry a firearm. CCW Permits are still available through the Arizona Department of Public Safety. More information is available at azdps.gov/Services/Concealed_Weapons. However, convicted felons who have had their civil rights taken away are not allowed to carry weapons.

Business establishments have the right to refuse service to anyone carrying a weapon if they choose. Even if there is no sign posted in front of the establishment, if a representative from the business verbally asks you to leave, you must adhere to that request.

Gun Ownership

In Arizona, you need to be at least 21 years old to purchase a firearm. You need to be at least 18 years old to possess a firearm. There are exceptions for minors aged fourteen to seventeen who are engaged in hunting, sport shooting, or agriculture activities. Arizona does not require gun owners to register their firearms, nor do they need a permit to purchase a firearm. Arizona residents traveling to another state must abide by that state's law on carrying a concealed weapon. Check with the state you are traveling to before leaving.

Target Practice

There are several ranges in the Tucson area that are available for public use. When choosing a location, please consider the following:

- NEVER shoot from, on, or across a road.
- NEVER shoot whereby people or property may be injured or damage.
- NEVER damage any property.
- NEVER shoot from a vehicle (parked or moving).
- NEVER shoot if unsure of your backstop or what is beyond.
- NEVER act aggressively or threaten other public land users.
- NEVER shoot in an upward direction.
- Know the CURRENT laws of the State of Arizona, Pima County, or your local municipality. Even so, it is recommended to conduct target practice at a public shooting range.

Visit the AZ Game and Fish website at azgfd.gov/outdoor_recreation/shooting_sports.shtml for a list of public shooting ranges in Arizona. Target shooting on Arizona State Trust Land is strictly prohibited, even with a recreation permit. Violators will be prosecuted to the fullest extent of the law. It is your responsibility to determine who owns the land you will be shooting on and contact the appropriate individual or agency. Penalties for shooting in restricted areas can be severe.

CHILD LAWS

Bicycle Helmets

In Pima County, children 17 years old and younger are required by law to wear a helmet any time they are riding a bicycle, are a passenger on a bicycle, or are riding in a restraining seat attached to a bicycle or in a trailer towed by a bicycle.

Remember, in Arizona, bicyclists are required by law to adhere to many of the same traffic laws as motor vehicles, which means riding with traffic, using a functioning headlight to the front and a red reflector or taillight to the rear between dusk and dawn, and obeying all traffic signs and signals. Teach your children to obey the rules of the road.

Curfew

It is illegal for youths under 16 years of age to be away from their homes between 10:00 p.m. and 5:00 a.m. It is also illegal for youths ages 16 & 17 to be away from their homes between midnight and 5:00 a.m. The only exceptions to the curfew ordinance are when a child is:

- a.) accompanied by his or her parent or guardian; or
- b.) lawfully married; or
- c.) on an emergency errand; or
- d.) involved in a reasonable and legitimate activity directed or permitted by a parent or guardian.

Finally, it is unlawful for a parent or guardian to permit their children to be away from their home or dwelling place during the curfew hours. In addition to the underage child being charged with a curfew violation, a parent or guardian who violates the ordinance may be charged with a class one misdemeanor.

Child Seat Law

While traveling in a vehicle, any child under five years old must be properly secured in a child restraint system. Any child who is five, six, or seven years old and shorter than four feet ten inches also must be properly restrained in a child restraint system. Also, minors eight to fifteen years old must wear a seat belt. Citations for these violations may be issued to the driver. Read more: azleg.state.az.us/ars/28/00907.htm.

If you observe a child under the age of eight not properly restrained while riding in a motor vehicle, you can call and report it. Call the “Buckle Up, Baby” hotline number, a Governor’s Office of Highway Safety program, at 800-505-BABY. Be prepared to give the vehicle license number, state and city observed in, and where the child was sitting in the vehicle.

A packet of useful information is mailed to the registered owner stating that his/her vehicle was observed transporting an unrestrained child. The material describes the hazards of transporting unrestrained children under the age of eight and encourages the owner to purchase a child restraint system.

Properly Installed Child Seat

A 2004 study showed that 73 percent of car seats are improperly installed by parents and guardians. The Pima County Sheriff's Department has certified child seat technicians who will inspect the seat to be sure it meets federal guidelines, is the right size for the child and is installed correctly. Inspections are free of charge.

Please call the Sheriff's Department at (520) 351-4615 to make an appointment or visit the National Highway Traffic Safety Administration website at safercar.gov/parents/CarSeats.htm for more information and a list of child safety seat inspection sites in your area. Buckle up everyone, every trip, every time! Remember, seat belts save lives.

88-CRIME

88-CRIME is a telephone hot-line you can use to report information about any unsolved crime. Callers are never asked to give their names, and telephone calls are never recorded or traced. Rewards are available if calls result in the arrest and indictment of a felony suspect.

You can play an active role in keeping our streets safe. Anytime you have information about someone wanted by the police or a crime that has been committed, all you need to do is call 88-CRIME (882-7463).

The Pima County Attorney's Office's anonymous tip line is open 24 hours a day, seven days a week. You may also submit a tip on-line at 88crime.org or download the P3TIPS mobile app. If the information from callers results in the arrest and indictment of a felony suspect, the caller is eligible for a cash reward. The program has given more than \$1 million in rewards since its inception. The reward fund is financed by donations and contributions.

Since this program began in 1980, tips to 88-CRIME have been responsible for more than 4,934 felony arrests and approximately \$122 million in recovered stolen property and seized illegal narcotics. Thanks to the anonymous tips from callers, 88-CRIME has helped take a host of murderers, child molesters, armed robbers, burglars, and drug dealers off the streets.

VICTIM SERVICES

If you have ever been a victim of a crime or a witness to one, you know that the experience can be devastating. Victim Services is there to assist you through the criminal justice system. Victim Services provides an on-scene response to traumatic incidents, assists in death notifications, notifies victims of defendants' release and court status, and assists as trial advocates by explaining the court process and accompanying victims and witnesses to trial. Victim Services also debriefs groups of people who have been affected by a crisis or disaster.

Victims have the right to be present at all court proceedings, the right to express opinions to the court, and the right to confer with the prosecutor regarding the disposition of the case.

They have the right to know the defendant's release status. Victim Services, in conjunction with the prosecutors, ensure these rights are protected.

Victim Services makes more than 16,000 victim contacts each year and helps more than 5,000 people at crisis scenes. Volunteer workers are on call 24 hours a day, seven days a week. If you need help from Victim Services, during normal business hours, please call (520) 740-5525. After normal business hours, Victim Service advocates are paged to respond by law enforcement officers.

MENTAL HEALTH

Pima County offers several resources to the community concerning mental health and addiction issues. While many of our deputies are trained in crisis intervention, by the time law enforcement needs to get involved, many earlier opportunities to assist are lost. Early intervention and treatment are very important and often, family, friends and co-workers are the first to see signs of a problem. This section lists a variety of resources that you can call for assistance. Many resources are available community-wide and without any cost. If you, or someone you know needs these services, please take the first step in treatment and make the call.

Some warning signs of a mental health crisis include:

- Inability to cope with daily tasks
- Rapid mood swings and increased agitation
- Abusive behavior
- Losing touch with reality (psychosis)
- Isolation from school, work, family, and friends
- Unexplained physical symptoms

Arizona Complete Health provides services for anyone in Pima County experiencing a behavioral health crisis.
